

# PROGRAMS RECOGNIZING THE IFOAM FAMILY OF STANDARDS AS THE CRITERION FOR ACCEPTING A STANDARD AS ORGANIC

## PRIVATE PROGRAMS

- BioFach Exhibitor/Product acceptance requirements
- EcoWellness labeling program
- Australian Certified Organic Standard ingredient and product approval program
- Global Organic Textile Standard requirements for organic fibres
- Middle East Natural & Organic Product Expo's technical criteria for organic products
- NATRUE Label: organic raw materials requirements
- OEKO-TEX® ORGANIC COTTON
- South African Organic Sector Organization Standard
- Textile Exchange Organic Content Standard's requirements for organic material

## PRIVATE-PUBLIC LABELING PROGRAMS

- East African Organic Mark license requirements

## GOVERNMENT IMPORT REGULATION PROGRAMS

- Australia's requirements for imported organic or biodynamic products and ingredients
- Saudi Arabian procedures and conditions for importing organic products

PROGRAMS listed in this frame require, for a product to be considered organic, that it be certified to a standard approved in the IFOAM Family of Standards. Those programs are therefore considered by the organic movement as having a sound and credible criterion to ensure the integrity of organic products accepted under their program, from the standard point of view. The inclusion of the program in the frame should not be regarded as an explicit endorsement by IFOAM in all cases.
