GOVERNMENT IMPORT REGULATION PROGRAMS

- Australia's requirements for imported organic or biodynamic products and ingredients
- Saudi Arabian procedures and conditions for importing organic products

PROGRAMS listed in this frame require, for a product to be considered organic, that it be certified to a standard approved in the IFOAM Family of Standards. Those programs are therefore considered by the organic movement as having a sound and credible criterion to ensure the integrity of organic products accepted under their program, from the standard point of view.
